ADVANTAGES OF THE EXTENDED WARRANTY PACKAGES

COMPREHENSIVE REPAIR COST PROTECTION

In addition to repairs and the replacement of parts, you can also cover additional expenses such as freight, customs and labour costs. Your operating costs can be calculated more accurately.

HIGH PLANNING RELIABILITY

The extended warranty packages enable better planning - both for the availability and maintenance of your machine as well as your finances.

INCREASE THE VALUE OF YOUR MACHINE

With the use of original spare parts and maintenance and service by authorized service partners you will maintain the value of your machine significantly longer.

FINANCIAL SECURITY IN THE EVENT OF A WARRANTY CLAIM

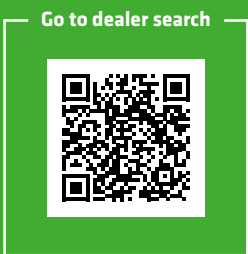

If a repair is necessary, this can be associated with unexpected costs. Protect your liquidity by covering the costs with an extended warranty package.

BOOK YOUR EXTENDED WARRANTY PACKAGE

- /// when ordering your machine or
- /// up to a maximum of 12 months after initial start-up or
- /// before reaching 2000 operating hours.
